Norwell, MA 02061

Subject: Video Security System Installation

Dear Mr. Chauvin:

On behalf of The Nantucket Public Schools, I would like to take this opportunity to commend your team on the outstanding service and workmanship provided during the installation of our new High School and Middle School Video Security System.

Paul Pasquarosa and Greg Hussey were very responsive to our needs and provided timely and concise proposals and schedules.

Lee Curran and his installation team performed an outstanding job while working around our hectic class and community schedules. The installation process was so well coordinated that most people did not notice the activity.

Dave Randall performed the programming and training tasks quickly and efficiently. The software and video system are working well and are definitely meeting our expectations.

The Signet Team performed in a very professional, personable, and cooperative manner throughout the entire process. Once again, please thank your team for a job well done.

Sincerely,

  
Dave Kanyock  
Project Manager
